

PRODUCT CODE: SENPIR-CM-03
CEILING MOUNTED PIR OCCUPANCY SENSOR

PRODUCT DESCRIPTION

The new Etlin-Daniels SENPIR-CM-03 Ceiling Mount PIR Sensor provides instant-on function, with timed off function, to reduce energy consumption when a space is vacated. It supplies 360° of coverage for a radius of up to 20', and can be mounted at ceiling heights up to 12'.

The CM-03 installs easily to both square or octagonal j-boxes, and is the ideal solution for applications that include Private Offices, Conference Rooms, Break Rooms, Washrooms, Classrooms, Lounges and Storage Areas.

FEATURES

- Ceiling Mounted PIR Occupancy Sensor
- Auto On / Off
- PIR timer is programmable from 10sec to 30min
- White plastic construction
- Mounting heights up to 12'
- 360° radial coverage up to 20'
- 3 year warranty

REQUIRES 2-1/8" TO 2-1/4" DEEP J-BOX.

OJB-54171-L - 4" Octagon Box / 2-1/8" Deep / with Ground Screws & Clamp.
